

GLOBAL RESISTANCE WEEK
to
STOP U.S. IMPERIALISM & GENOCIDE

November 1-7, 2026

Dear Global Peace & Justice Allies & Friends,

We invite your organization to join a new international network to **Stop U.S Imperialism & Genocide** by organizing simultaneous ongoing global actions at U.S./NATO/ISRAELI military bases, weapons shipping ports, AND global weapons, surveillance, & AI data center industries, to nonviolently **STOP THEM IN THEIR TRACKS**. Why?

1. *Because we are always more powerful working together in a united global front.*
2. *Because 3 years of genocide in Palestine continues, in spite of heroic efforts by tens of thousands of people around the globe.*
3. *Because unbridled U.S./Israeli aggression, racism, militarism expansionism & ecocide threaten the very existence of life on this planet, while critical basic human needs of people around the globe go neglected.*
4. *Because the people around the world want peace & justice, and working together we will achieve it.*

This fall, **November 1-7**, will be the “Kick Off Week” for this new **global resistance network** we want to create with ALL OF YOU around the world. Working together in a united front, we will be able to apply the global sustained pressure necessary to STOP U.S Imperialism & Genocide. By focusing on one week to get started we will demonstrate our collective power. Can you imagine the power of peaceful actions at every single military base around the world on the same day?

Organize actions for one day, or numerous days during or near the:

Global Resistance Week to Stop U.S. Imperialism & Genocide, Nov. 1-7

We urge actions during weekday commute hours, when hundreds of personnel enter & exit military bases, weapons shipping ports, AND weapons, surveillance & AI data center workplaces, to **foster dissent from within**. Spread the word. Help us grow!

A global online meeting will be planned **AFTER** Nov. 7th to build our network.

- Will you endorse our **Global Resistance Week, November 1-7**?
- Will your organization participate by planning a November action locally?

Please rsvp to: NovemberResistance@protonmail.com More Details Coming Soon!
