

NOTICE TO CEASE AND DESIST

From: Fairford Action

To: All US Air Force personnel at Fairford Air Base

Notice to Cease and Desist for illegal warfare

Dear US Air Force personnel,

This notice is served upon you with regard to the US Air Force's illegal attacks on the Islamic Republic of Iran ("Activity").

If the US Air Force does not cease the aforementioned Activity action will be taken against you.

If the Activity continues we will immediately undertake non-violent direct action against you and any accomplices in this matter to prevent further illegal attacks, regardless of whether or not they are conducted from Fairford Air Base. We hope this recourse will not be necessary, but if attacks continue we intend to take vigorous action to uphold international law and prevent loss of life.

You will not receive another warning. If your President does not confirm by the 10th day of November 2026 that you will cease attacks on Iran and associated activities our action will commence immediately.

Sincerely,

Fairford Action
