## CND at TUC March: Britain Needs a Pay Rise

Join CND on the TUC march: Britain Needs a Pay Rise

- 11am, Saturday 18th October
- Blackfriars Embankment, London
- Map: <https://goo.gl/maps/xH12f>

CND's conference weekend this year coincides with the TUC March: Britain Needs a Pay Rise. The trade unions with their strong anti-cuts message, are increasingly supportive of CND's anti-Trident message and last year's TUC Congress passed clear policy in favour of scrapping Trident.

This year we plan again to have a big Scrap Trident contingent, highlighting the messages of our colourful placards. Please come and join us and let family and friends know too. We need to make a big impact!

**Can you help us in the run up to and at the demo?** We need people to come to CND office in London to make placards in the next few weeks. We also need people to hand out leaflets, help out at our stalls and carry

the CND banner at the demonstration! Please help! Contact [campaigns@cnduk.org](mailto:campaigns@cnduk.org)

**Did you see the [Rethink Trident statement in \*The Guardian\*](#) over the weekend?**

Join CND, the Communication Workers' Union, War on Want, Scientists for Global Responsibility, Pax Christi, Nuclear Information Service, and numerous other organisations as well as MPs, celebrities, and thousands of people just like you in saying no to Trident replacement.

Together we'll be holding Rethink Trident actions and events in the run up to the General Election in 2015. Join us!

Read and sign the statement at the [Rethink Trident website](#).

## **International Day for the Total Elimination of Nuclear Weapons**

26th September is the International Day for the Total Elimination of Nuclear Weapons. This is a great opportunity to get in contact with your MPs and prospective candidates to tell them that you want Trident scrapped!

And did you know that [over half of Labour's parliamentary candidates want to scrap Trident](#)? This is a great start for campaigning before the General Election but we need to win the other half – and the other parties! [Sign our petition](#) and commit to contacting your candidates about scrapping Trident!
