TUESDAY 21 June 2022 at 8.00 pm**

# **Can Diplomacy Prevent a Longer War in Ukraine?**

***Speaker: John Gittings***

Ukrainian people want to win the war and regard foreign hesitation as back-sliding; but war is a breach of the UN Charter and a violation of human values, as well as a possible existential threat, and the interest of peace demands that it be stopped as soon as possible.

John Gittings will attempt to tackle this dilemma.
